### Projects

---

| Name                                 | Date                | Status              |
|--------------------------------------|---------------------|---------------------|
| X-190 Electric VTOL                  | Jan 2023 — Jun 2024 | Paused (Resources)  |
| <a href="#">CoilGun</a>              | Nov 2023 — Jun 2024 | Complete            |
| CoilGun H-Bridge Research            | Dec 2024 — Jan 2025 | Paused (until 2028) |
| <a href="#">OpenLSM</a>              | Aug 2025 — Present  | Active              |
| <a href="#">PyFEA</a>                | Dec 2024 — Present  | Active              |
| Computational Geometry               | Sep 2025 — Jan 2026 | Paused (Prereq)     |
| <a href="#">PicoUnits</a>            | Jan 2026 — Sep 2026 | Complete            |
| <a href="#">UnitValues</a>           | Jan 2026 — Aug 2026 | Complete            |
| <a href="#">Precharger Models</a>    | May 2026 — Jul 2026 | Complete            |
| <a href="#">IsoPod Project</a>       | May 2026 — Jun 2026 | Complete            |
| <a href="#">DynoLink</a>             | Apr 2026 — Sep 2026 | Complete            |
| <a href="#">LVG-APU</a>              | Jul 2026 — Present  | Active              |
| <a href="#">Voice Coil Simulator</a> | Aug 2026 — Aug 2026 | Complete            |
| <a href="#">FEMMInterpreter</a>      | Aug 2026 — Present  | Active              |
| <a href="#">PicoMaterials</a>        | Sep 2026 — Present  | Active              |
